

2023 SERVICE CALLS

PLEASE POST AT THE LAKE

If your sewer system isn't working or the red light goes on, please try the following before calling a board member for service:

- Verify all circuit breakers to the sewer & water pump are on
- If you have a fuse box, replace any blown fuse(s)

It is your responsibility to keep replacement fuses on hand for future use. If you don't have fuses, contact Dave Tewel or Bryan Deardan, as they have a limited number of size 15A and 20A fuses available for \$4.00 each.

Service calls must be initiated by a board member. Please use the contact numbers below to reach any board member. If you or your cabin users initiate a service call, you are responsible for paying for that service call.

NAME & LOT NUMBER	LOCATION	PHONE NUMBER
Jan Tewel - 214AA	Cell - Jan	509-939-8230
Dave Tewel - 214AA	Cell - Dave	509-869-6727
